Senior Portrait Pricing

I simply love collaborating with seniors. My portrait sessions are designed to be easy-going and affirming — with plenty of time for us to get comfortable and capture your unique qualities. In the process, we'll have a blast! My goal is that you enjoy every aspect of your senior-portrait experience.

Myra Klarman Photography is a custom portrait studio. I perform every task personally — from scheduling the sessions to putting the final touches on each order. To sustain a high level of artistic quality and client service, I strictly limit the number of sessions I offer each year.

This document provides information about how to schedule your portrait session and exactly what I charge for sessions, prints, and other products. If you have any questions before choosing to work with me, please ask.

Scheduling Your Session

I'll begin booking sessions starting on Tuesday, June 7 at 9am. My senior portrait season begins June 21 and goes through October 23, 2016.

To schedule your senior portrait session, call me as soon as possible (but not until June 7) with a list of dates that would work for you.

I would be happy to assist you in selecting your senior portrait location. Choices include:

- » The Botanical Gardens (outside)
- » The Arboretum, along the Huron River
- » Downtown / Main St area
- » My studio and the downtown / Main St area
(a special case where two locations count as one)
- » The Diag / State St (may include Angell Hall)

(Note: I do not conduct senior portrait sessions at Island Park or the Law Quad, as these locations tend to be very crowded with other portrait photographers.)

Depending on your location and the time of year, I will almost always recommend starting your session when the sun is low in the sky — between 5 and 7pm.

If we have bad weather on the day of your session, we'll choose a mutually agreeable rain date. I'm usually able to offer rain dates within 1–2 weeks of your original date.

Yearbook photos: Over the past several years, almost every family I've worked with has ordered an outdoor portrait for the yearbook. I welcome this trend since most of us feel more comfortable (and therefore look more natural) outside, as opposed to in a studio. However, if you'd like a studio yearbook portrait, I offer that option.

Hardcover Books

20 Page 10x10" Hardcover Books

A family heirloom. This custom-designed, press-printed, hardcover book features 20-24 images of your choice. These books are of considerably higher quality than photo books you may have seen on the market — the pages are wonderfully thick and lie perfectly flat; the images are rich and vibrant; the presentation is stunning. Please request to see a sample.

\$1,700 for the first book

\$400 for each additional identical book

(Copies available in 10x10", 8x8", and 5x5")

Fine Art Canvases

The richness, durability, and immediacy of canvas make it an excellent choice. I encourage you to view my sample portraits printed on canvas on display at Kerrytown Market & Shops.

For a modern gallery look, choose a wrapped canvas — expertly crafted and ready to hang on your wall. For a more traditional look, choose a standard canvas that is appropriate for framing.

up to 12x18"	\$450
16x24"	\$550
20x30"	\$750
24x36"	\$850
